

Distance Learning for All

Dear Mountaineer Families,

There have been new developments for our students in the last few days regarding the COVID-19 school closure. The Oregon Department of Education (ODE) has asked all school districts in Oregon to shift to a “Distance Learning for All” model as they “foresee the strong possibility that our students may not come back through our school house doors this academic year”. We are working on a plan for what that looks like for us. Teachers have been contacting you to help gain a better understanding of how to work with your family to meet your needs. We will adapt the way we are teaching your kids based on what you tell us and will do everything we can to educate our Mountaineers.

Please expect more communication from us as we work out the details of our plan. Parents, we could not do any of this without the amazing support you give your kiddos and our staff. We look forward to working with you to give your child the best education possible in this unprecedented time. Please, reach out to me or your child’s teacher if you have questions or concerns.

Lastly, I want to assure you that we will continue to offer food for our students, access to our school counselor, and regular contact with teachers. Thank you so much for your support and patience!

Thank you,

Mr. Houghtaling
