Non-Discrimination Policy

The Falls City School District does not discriminate on the basis of race, religion, color, national origin, disability, marital status or sex in providing education or access to benefits of educational services, activities and programs in accordance with Title VI, Title VII, Title IX and other civil rights or discrimination issues; Section 504 of the Rehabilitation Act of 1973, as amended; and the Americans With Disabilities Act.

The following have been designated to coordinate compliance with these legal requirements and may be contacted for information on compliance issues:
“SCHOOL” DEFINED: The term “school” found throughout this handbook means the entire high school and elementary school premises including the science and shop buildings, the main classroom/office building, the gymnasium, the athletic field, and all grounds and parking areas associated with these locations. “School” is conducted from 7:45am to 3:05pm but also includes any event at any time on school grounds conducted under the auspices of Falls City School District. “School” also includes all athletic, social, and academic events conducted in association with Falls City School District, whether on campus, on the bus, at an event center, on some other campus, during a field trip, or anywhere else.

EMERGENCY SCHOOL CLOSURE

It may be necessary to send students home early or cancel part or all of the school day because of extreme weather conditions or other emergencies. To protect the safety of students during such time, we urge parents/guardians to do the following:

1. Choose a “second home” in the neighborhood where your child could stay in the event that you are away and school is cancelled or students are sent home early. This information must be provided to the school office.
2. Tune your radio and/or television to the stations listed below. These stations have agreed to broadcast emergency school information.

Procedure for Sending Students Home Early

If weather conditions or emergency situations arise during the school day, the school district administration may send students home early. Depending on the kind of emergency, children may be kept at school until conditions improve, or they may be sent home directly. The safety of students will be the deciding factor.

If parents wish to come to school personally to pick up their child, they must check in with the school office before going to the classroom.

Delayed Morning Opening or Cancellation of the School Day

Emergency conditions may occur during the night or prior to the beginning of the school day. If such circumstances indicate hazardous road conditions for school buses, the school administration will usually make one of two decisions:

1. Cancel the entire school day including all bus transportation and all school sponsored events, or
2. Delay the opening of school and bus service for one or two hours. If road conditions do not improve at that time, the remainder of the school day will also be cancelled. Listen to radio stations or visit the websites listed for special announcements.

Radio Station Announcements

The following radio and television stations have offered to provide free public service announcements during severe weather times. We urge you to tune into these stations or visit their websites for school conditions during potential or announced emergency circumstances.

**TELEPHONING THE SCHOOL**

*We expressly urge parents and students to tune into the above resources for school closure information.*

**PLEASE** do not call the school during such times except in extreme emergencies. Such a large volume of calls floods telephone lines making it impossible for the school to use the telephone for school emergencies. It also exceeds our capacity to answer all calls.

**VISITORS**

Parents and other district citizens are encouraged to visit Falls City Schools to observe the work of students, teachers, and other employees. To minimize disruptions to learning activities, visitors are requested to make advance arrangements for visits to instructional programs.

To ensure school security, all visitors must sign in at the school office upon entering the building. The visitor will then receive a visitor’s pass giving them authorization to visit elsewhere in the building. Expectations for visitors include participation in class only, at the direction of the teacher, sitting in a location designated by the teacher and minimizing any distraction, which may detract from the learning environment. A visitor’s length of stay is ultimately the discretion of the teacher.

Any unauthorized person on school property will be reported to the principal or superintendent. The person may be asked to leave. Police will be called if the situation warrants such measures.

Students will not be permitted to bring visitors to school.

ACADEMIC INFORMATION

PERSONAL EDUCATION PLAN (PEP) PROGRAM

The staff at FCSD believes that all students who graduate or leave our school should have a personal post-secondary plan (what they will do after high school) and be ready to use it. We accomplish this in individual conferences with the assistant principal and student services coordinator. Students will be supported in the following ways:

- Practice Positive Behavior: Safe, Respectful, and Responsible
- Develop tools for handling tough work-like situations
- Research careers including post-education needs and/or job shadows
- Prepare a current résumé, letters of recommendation, a working portfolio of experiences in work-related fields and a track sheet of volunteer hours.
  - If volunteering during school hours, please fill out a pre-excused form from the high school front office.
- Take part in testing, including career inventories and state and national assessments.
- Plan for college and visit colleges
- Achieve personal accomplishments

QUALITY OF OUR INSTRUCTION

The quality of our instruction and our success at guiding the learning experience for each of our students is of greatest importance to the school staff. This experience in learning requires cooperation from all students in the following:

1. Attendance
2. Participation in all classroom instruction
3. Completion of practice work
4. Meeting Common Core Standards

TALENTED AND GIFTED

In accordance with ORS 581-22-403, Falls City School District identifies and provides services for students with exceptional academic talents or intellectual gifts. Our goal is to provide appropriate educational programs and services through instructional, curricular, and administrative modifications to create educational opportunities for TAG students, which will maximize their potential.

STUDENT RIGHTS AND RESPONSIBILITIES

The board has the responsibility to afford students the rights that are theirs by virtue of guarantees offered under federal and state constitutions and statutes. With these rights come responsibilities that must be assumed by students.

ASSEMBLIES

From time to time, Falls City Schools will have assemblies on various topics and activities. Students are expected to attend assemblies unless excused by a teacher or administrator. Appropriate, courteous behavior is expected at all times. Good assembly behavior requires that the audience be attentive and quiet, and treat the speaker with proper respect, regardless of the quality of the program. Disruptive behavior during assemblies may result in suspension from all assemblies or other disciplinary procedures.

CARE OF SCHOOL PROPERTY BY STUDENTS

It is each student’s responsibility to show respect for all school property. Any student who willfully damages or defaces school property will be disciplined to the extent allowed by law and Board policy.

The Board declares its intent to hold students and their parents responsible for loss or damage of district property. (Board Policy Code: JFCB)

DRESS AND GROOMING

Student dress is expected to be clean, in good taste, and appropriate to a school setting. The dress code is based upon the fact that clothing worn by students does not detract from the academic atmosphere, or have the potential to create a safety hazard. Footwear must be worn at all times. Inappropriate clothing, decorations or items will need to be removed immediately. The following is a partial list of items, attire, and dress styles that are not allowed in Falls City Elementary School, or in connection with school-sponsored extracurricular activities.

1. Clothing or material, which advertise or represents tobacco, alcohol, or any controlled substances (through word or design).
2. Clothing or items, which contain inappropriate: language, profanity or obscenity, sexual, gang affiliation, gender messages, or racial references (through word or design). (Clothing and jewelry shall be free of writing, pictures, or any other insignias which are crude, vulgar, profane, obscene, libelous, slanderous or sexually suggestive. Clothing may not depict bombs, weapons, or illegal acts, or religious prejudice, unlawful acts, or tobacco, drugs or alcohol are prohibited.)
3. Brief and revealing clothing are not appropriate apparel in school.
4. Pants must be worn with no visible undergarment (no sagging pants).
5. Clothing intended to be worn as undergarments may not be worn as outer garments. No undergarments shall be exposed.
6. Shorts, skirts and dresses that do not reach the end of the student’s fingers when her/his arms are resting at his/her side.

CORPORAL PUNISHMENT

The use of corporal punishment in any form is strictly prohibited in the district. No student will be subject to the infliction of corporal punishment.

Corporal punishment is defined as the willful infliction of, or willfully causing the infliction of, physical pain.

No teacher, administrator, other school personnel or school volunteer will subject a student to corporal punishment or condone the use of corporal punishment by any person under his/her supervision or control.
Permission to administer corporal punishment will not be sought or accepted from any parent/guardian, person in parental relationship, or school official.

**PHYSICAL RESTRAINT AND REMOVAL**

A staff member is authorized to employ physical force when, in his/her professional judgment, the physical force is necessary to prevent a student from harming self, others, or doing harm to district property. Physical force shall not be used to discipline or punish a student.  
*Board Policy Code: JGA*

**PROGRAM EXEMPTIONS**

Students may be excused from a state-required program or learning activity for reasons of religion, disability, or other reasons deemed appropriate by the district. An alternative program or activity for credit may be provided. All requests for program exemptions must be directed to the principal by the parent, must be in writing, and must include the specific reasons for the request.

**LOST AND FOUND**

Lost and found items are kept in each school’s office. If you find an item that does not belong to you, please turn it into the office.

The telephone in the office is available for student use ONLY WITH PERMISSION FROM OFFICE PERSONNEL and NOT DURING CLASS. Please keep calls brief to avoid tying up the phone line for long periods.

**ELECTRONICS AND LASER POINTERS**

If misused, laser pointers may cause damage to the retina and loss of vision. They are not allowed for student use.

Electronics can present a distraction to the learning environment. They need to be turned off and put away during school hours. If these items pose such a distraction, they will be taken and parent notification will be made. If the distraction is repeated, parent pick-up may be required and a student consequence could occur.

1*st* offence – student may pick up item at end of day from administration.

2*nd* offence – item must be picked up by parent

3*rd* offence – student and parent must meet with administration to discuss additional consequences.

The Falls City School District will not be responsible for any damage to or loss of such equipment brought to school.

**SCHOOL OFFICE**

The school office is available to help students. Students are reminded that the office is a place of business and is not to be used for social purposes. The office is open from 7:30 am to 4:00 pm but may only be accessed with approval from the secretary and with a pass from a teacher.
HEALTH ROOM/MEDICATIONS

If a student becomes ill or is injured while in school, efforts will be made to contact the parent or guardian to take the student to his/her home, or to get necessary medical help if the parent or guardian cannot be contacted. The health room, located on the first floor, is a temporary waiting place for students to rest until parents can be notified and the student is picked up. The health room is not a place where ill students can wait until they are feeling better. Students are to report to the office before going to the health room.

Students who must take prescription and/or over-the-counter medication at school, on a temporary or regular basis, must provide a written request to administer medication signed by the parent along with information as outlined below. If the parent does not provide the required information, the school personnel will notify the parent on the day the request to administer has been received that medication will not be administered until all requirements have been met. In case of an emergency the administrator will contact the school nurse and/or physician.

Administration of prescription medication requirements:
1. Physician’s written instructions to include name of medication, dosage, time interval and method of administration.
2. Medication in original container.
3. Container label clearly showing the students and doctor’s name and instructions (either on label or separate communication from physician).

Administration of over-the-counter medication requirements:
1. Parent’s written instructions.
2. Physician’s written instructions only if other than instructed on the box.
3. Medication in original container.

Over-the-counter medication may include, but is not limited to: vitamins, food supplements, eye/ear/nose drops, inhalants, aspirin, cough drops, and antacids.

All medications will be kept in the office in a locked cupboard, drawer, or safe, unless a student must carry the medication on his/her person during the school day. A written statement signed by the physician and parent must be provided that instructs the school to allow a student to carry medication.

Students who are emancipated or allowed by statute to self-medicate for sexually transmitted diseases without parent permission must provide a physician’s written statement that declares self-medication is needed. Otherwise only designated school employees may administer medications.

Each time medication is administered, a record noting date, time, amount, and name of person administering medication will be made.

Teachers will assist students in remembering when a medication is to be administered. Parents will be notified if a student refuses medication. Notification will be made on the day of the student’s refusal. (Board Policy Code: JHCD)

HIV/AIDS/OTHER COMMUNICABLE AND BLOOD BORNE DISEASES
Basic assumptions

1. All students in Oregon have a constitutional right to a free public education.
2. Because of ways the disease is transmitted, most students with an HIV infection pose no health risk if appropriate procedures are followed.
3. As a general rule, an infected student is entitled to remain in a regular classroom setting, be eligible for all rights, privileges, and services privileged by law and Board policy.
4. Decisions regarding educational programs and school attendance will be made on a case-by-case basis, taking into consideration all available information on the immediate case.

The need for confidentiality is paramount because of the potential for social isolation should a student’s condition become known to others. (Board Policy Code: JHCC-AR)

The district will adhere strictly in policies and procedures to the Oregon Revised Statutes Policy regarding HIV+ Students 6 Years & Older and Without Special Needs: The District will adhere strictly in politics and procedures to the Oregon Revised Statutes and the Oregon Administrative Rules as they relate to a student infected with HIV.

The district recognizes a student (parent) has no obligation to inform the district of an HIV+ condition, and that the student has a right to attend school.

If the district is informed, written guidelines shall be requested of the student (parent). These guidelines shall include who may have the information, which information will be given, how the information will be given, and where and when the information will be given.

When informed of the infection, and with written permission from the student (parent), the district will develop procedures for formulating an evaluation team. The team shall address the nature, duration and severity of risk, as well as any modification of activities. The team shall continue to monitor the student’s condition.

Notification of alternative educational programs shall be made if an HIV+ student withdraws from school. (Board Policy Code: JHCCA)

Policy Regarding HIV+ Students Under 6 Years, HIV+ Special Needs Students and All Students with AIDS: The district shall adhere strictly in policies and procedures to the Oregon Revised Statutes and Oregon Administrative Rules as they relate to a student infected with HIV or AIDS.

The district recognizes a student (parent) has no obligation to report an HIV+ condition or an AIDS diagnosis to the school district. The district also recognizes the student’s legal right to attend school. The school superintendent shall be notified if the parent wishes to continue educational services.

If the district is informed, written guidelines shall be requested of the student (parent). These guidelines shall include who may have the student information, which information will be given, how the information will be given, and where and when the information will be given.

After the Oregon Health Division or local health department evaluates the child’s risks to others, including any restrictions that may be required, this condition will be reported by the parents to the district.

When informed, and with written permission from the student (parent), the district will develop procedures for formulating an evaluation team. The team shall address the nature, duration and severity of risk as well as any modification of activities. Monitoring of the student’s condition shall be included.
If the parent or student does not notify the school district, the Oregon Health Division or local health department will issue an order to exclude the child from school, or the student (parent) may voluntarily withdraw from school. In either case, the district will notify the student and parent of alternative education programs.  *(Board Policy Code: JHCCB)*

**Communicable Diseases**

The Falls City School District follows both state and local health authorities rules and regulations pertaining to communicable diseases. A student with certain diseases is not allowed to attend school while the disease is contagious.

**Blood Borne Diseases**

The Falls City School District uses universally recognized precautions at all times for infection control. Each staff member and student is therefore treated as though an HIV, AIDS, or Hepatitis B infection exists. The district has an exposure control plan that is on file in each school office.

The staff has had, and has yearly, in-service training regarding infection control. First aid kits are readily available in both schools, and in all district vehicles. Correct procedures for cleaning up and disposal of body fluid spills are strictly followed.

**HAZING/HARASSMENT**

Hazing, harassment, intimidation or any act that injures, degrades, or disgraces a student or staff member will not be tolerated. Any student who engages in such behavior is subject to disciplinary action including suspension, expulsion or referral to law enforcement officials.

Threats of physical violence are not appropriate at any time, and are considered a serious violation of behavior expectations. Any student who threatens to physically injure another student will be subject to serious disciplinary consequences including suspension or expulsion and referral to law enforcement officials. *(Board Policy Code: JFCF)*

**BULLYING DEFINITIONS**

**SEXUAL HARASSMENT**

Falls City School District is committed to maintaining a learning environment that is free of sexual harassment.

Sexual harassment includes unwelcome sexual advances, request for sexual favors and other verbal or physical contact of a sexual nature made by a member of the staff to a student, or by a student to another student.

Any student who is subject to, or knows of, sexual harassment should immediately notify a staff member, counselor or administrator. All complaints will be promptly and thoroughly investigated.

**Sexual Harassment Complaint Procedure**

Any student who believes he/she has been subjected to sexual harassment should immediately report the incident to a staff member, counselor, or administrator. All reported incidents will be documented and forwarded to the superintendent. The superintendent will investigate the complaint and respond to the
complainant by scheduling a conference within seven (7) calendar days. A written response will be issued. If this reply is not acceptable to the complainant, he/she may file a formal complaint according to the steps below.

**STUDENT BEHAVIOR**

**STUDENT CONDUCT**

The Falls City School Board expects student conduct to contribute to a productive learning climate. Students shall comply with the district’s written rules, pursue the prescribed course of study, submit to the lawful authority of teachers and school officials, and conduct themselves in an orderly manner during the school day or during school-sponsored activities. This conduct applies to students en route to and from school and school-sponsored activities.

Careful attention is given to procedures used to assure fairness and consistency in discipline to all students. The objectives of disciplining any student must be to help the student develop a positive attitude toward self-discipline, realize the responsibility of one’s actions and maintain a productive learning climate. *(Board Policy Code: JFC)* *(See page 13 for additional penalties including potential suspension by DMV for driving privileges.)*

Students shall be subject to discipline, suspension, or expulsion for misconduct including, but not limited to:

2. Harm or bodily injury, other than accidental, to any person or serious threat of harm or bodily injury.
3. Deliberate or willful damage or destruction or theft of school property or the personal property of others.
4. Willful disobedience or open defiance of the lawful and reasonable request of a licensed staff member, a classified staff member acting within the scope of his/her duties, or other designated supervisor acting within the scope of his/her assignment.
5. Inappropriate dress and/or grooming which may disrupt the learning process, affect the individual student, other students or the learning climate of the school.
6. Other actions which may significantly endanger the health and/or safety of others or which result in the material interference with the teaching/learning process or environment.
7. Engaging in actions that are unlawful under the various statutes of the federal, state, county or local governments.

8. Possession or use of alcoholic beverages, tobacco or illegal substances.

9. Possession or use of weapons including, but not limited to: firearms; knives; metal knuckles; straight razors; explosives; noxious, irritating or poisonous gases; poisons; drugs; or anything fashioned with the intent to harm. (*Board Policy Code: JFC-AR*)

**WEAPONS IN THE SCHOOLS**

1. Weapons are forbidden on school property and at school-sponsored activities regardless of location. Any student who possesses a weapon on school property or at any school-sponsored activity will be expelled for a period of not less than one year. Upon appeal, the superintendent may modify the expulsion requirement on a case-by-case basis. Students with disabilities will continue to be disciplined consistent with district discipline procedures. When weapons are taken from students, this will be reported to their parents and reported to law enforcement.

2. Weapons shall include but not be limited to: firearms, metal knuckles, straight razors and explosives. Other items which could be used, to sell, harm, threaten or harass students, staff, parents or patrons may be treated as weapons in the scope of this policy, including but not limited to: knives; drugs; and noxious, irritating or poisonous gases. The term “firearm” includes any weapon that will or may be converted to expel a projectile by action of an explosive. Firearms include, but are not limited to: the frame of a weapon; firearm muffler or silencer; explosive, incendiary or poisonous gas; bomb, grenade, rocket, missile, or mine, with a propellant charge of more than four ounces or an explosive charge of more than one-quarter ounce. Firearms include guns of all kinds, including starter pistols, and parts of weapons which may be readily assembled.

3. In accordance with Oregon law, any employee who has reasonable cause to believe a student or other person has, within the previous 120 days, unlawfully been in possession of a firearm or destructive device as defined by this policy, shall immediately report such violation to an administrator, his/her designee or law enforcement. Administrators shall promptly notify the appropriate law enforcement agency. Employees who report directly to law enforcement shall also immediately inform an administrator.

4. Weapons under the control of law enforcement personnel are permitted on school property. The superintendent may authorize other persons to possess weapons in school buildings. The superintendent may prescribe special conditions or procedures to be followed before giving such authorization.

**ATTENDANCE**

Both the Falls City School Board and the State of Oregon consider regular attendance essential for educational success. All students are expected to attend school as required by law and by Board Policy. *Excessive absences may result in denial of credit* (*Board Policy Code: IKAD*).

Oregon School Law 339.010 requires all children between the ages of 7 and 18 to regularly attend school unless they have completed the 12th grade or have legally been exempted from attendance. *Parents have the responsibility under the law to maintain their child in regular school attendance at the designated school within the attendance area. (ORS 339.020)*

A district must admit an otherwise eligible person who has not yet attained 21 years of age if the person is shown to be in need of additional education in order to receive a diploma, or is receiving special education and has not yet received a regular high school diploma.
The school principal is responsible for assessing and acting upon requests for students to be excused. The principal has the authority to excuse students for absences due to illness, educational/occupational interviews, quarantine, bereavement or serious illness in the family, inclement weather, religious instruction, or emergencies. Physicians, psychiatrists, psychologists, dentists and other similar professionals may request permission for students’ excused absences.

Students may be excused on a limited basis from a particular preplanned classroom activity or from selected portions of the established curriculum on the basis of personal, religious or ethnic considerations. A student who is excused is still expected to fulfill school and teacher requirements.

Violations of the attendance law are punishable, upon conviction, by a fine of not more than $150 or by imprisonment in the county jail for not more than 30 days or both.

Excused Absences
Absences will be excused for the following reasons (ORS 339.065)
- Illness
- Illness or death of a family member
- Medical/dental appointment
- Emergency
- Authorized school activity
- Approved pre-arranged absence

Unexcused Absences
The following absences will be considered unexcused:
- Unless pre-arranged, absences for reasons not stated in Oregon law or board policy
- Absences where NO NOTE is brought in within three (3) days
- Truancy or cutting class
- Oversleeping
- Shopping/haircut appointments
- Birthdays or other celebrations

Excused Absence Without Prior Notice
When the student returns to school, he/she should report to the office with a note from the parent or guardian. If no note has been received, the absence will be entered into the computer as unexcused. The note should contain the following information:
- Date
- Student’s name
- Date(s) and/or time of student absence
- Reason for absence
- Parent or guardian signature

Students, at the request of the school administration, may be asked, at any time, to bring a doctor’s excuse upon return to school.
An absence must be cleared as excused within three (3) school days in writing. If the parent or guardian does not contact the school to clear the absence, the student’s absence will remain on their record as unexcused.

**Pre-arranged Absences:** are excused if the student has carried a request for class work to each class prior to the absence. Teachers may or may not assign work for each class.

**Activity Absence:** Students participating in a school activity/field trip will be marked as having an excused absence after the attending coach/teacher turns the slip into the office. The student must be on the eligible list to attend. (See eligibility guidelines).

**Leaving School:** Students who leave school during class hours must check out at the office, and must receive approval to leave school from the office.

**Tardiness:** Students are expected to be in the classroom by the beginning of every period. Being on time is essential for a student’s success in school. Tardiness interrupts instruction and shortchanges the educational process for all students. A student is tardy who is not inside the classroom and on the way to his/her seat. *Consequences resulting from one or more tardies are at the sole discretion of the teacher, and may include after school detention or loss of grade points. ORS 339.250 (8) states, “a school district may require a student to attend school during non-school hours as an alternative to suspension”.*

**EXPULSION**

An administrator, after reviewing available information, may recommend that a student be expelled.

No student may be expelled without a hearing unless the student’s parents, or if the student is 18 years of age, or the parent or 18 year old student waive the right to a hearing, either in writing or by failure to appear at a scheduled hearing. By waiving the right to a hearing, the student and parent or guardian agrees to abide by the findings of a hearings officer.

1. Notice of the charges and the specific facts that support them shall be given to the student and the parent/guardian by personal service or certified mail.
2. When notice is sent to a parent/guardian by certified mail the notice shall be mailed at least five (5) days before the date of the hearing.
3. Notice will contain a statement regarding the student’s right to counsel.
4. When the student or student’s parent cannot understand the spoken English language, the district shall provide an interpreter.
5. A hearing will be held to determine if the student is to be expelled, or if appropriate, what other action will be taken in lieu of expulsion.

**Expulsion hearing procedure**

1. The superintendent may act as hearings officer for the school board. The district may appoint an individual who is not employed by the district to serve as hearings officer. Student expulsion hearings will be conducted pursuant to ORS 332.061.
2. The student may have a representative present at the hearing to advise and to present arguments. The representative may be an attorney or parent. The school district’s attorney may be present.
3. The student shall be permitted to introduce evidence by testimony, writings, or other exhibits.
4. The student shall be permitted to be present and hear the evidence presented by the district.
5. The hearings officer will determine the facts of each case on the evidence presented at the hearing. Evidence may include relevant past history and student records. Findings of fact as to whether the student has committed the alleged conduct will be submitted to the Board, along with the officer’s decision on disciplinary action, if any, including the duration of any expulsion. This decision will be available in identical form to the board, the student and the student’s parents or guardians at the same time.

6. The hearings officer or the student may make a recording of the hearing.

7. The decision of the hearings officer is final. However, this decision may be appealed to the Board. The Board will affirm, modify or reverse the decision of the hearings officer. Parents of students who wish to appeal the hearings officer’s decision will have the opportunity to be heard at the time the Board reviews the decision.

8. Expulsion hearings will be conducted in private and Board review of the hearings officer’s decision will be conducted in executive session unless the student or the student’s parent request a public hearing. If the Board or a private hearing by the hearings officer holds an executive session, the following will not be made public:
   A. The name of the minor student
   B. The issues involved
   C. The discussion
   D. The vote of Board members, which may be taken in executive session

Prior to expulsion, the district will present, in writing, alternative educational programs to the student. (Board Policy Code: JGE)

INCIDENT REPORTS

If a student’s behavior violates classroom and/or school rules, the student may be referred to the office (removed from the classroom) at the teacher’s discretion. This action may result in an “incident report” being filed by the teacher and/or other staff members. Students are not admitted back into the class from which they were sent until the following day.

If a student is sent to the office, an “incident report” (referral) will be filed in the office by the end of the day. The Principal will conduct a follow up interview with the student and assign a consequence. This may include a written apology, time spent in the office, individualized instruction, detention, loss of privileges, in-school suspension, out-of-school suspension, conference with parents, Saturday School, or expulsion.

STUDENT EXCLUDED FROM REGULAR INSTRUCTION

- Students excluded from instruction will consult with principal, student, and teacher as soon as the teacher and principal can schedule it.
- Current, point-accumulating work will be sent with the student when that student must be excluded from any classroom.
- Not benefiting from classroom instruction is not a basis for exclusion, but in such an analysis should be communicated to our Mental Health counselor, and administrator so that we can become involved in the problem.
- A lack of success with integrating a student back into the classroom, for whatever reason, will result in a phone call from the teacher to the parent, and one of the things that will be discussed (along with enlisting the involvement and support from home) will be the expectation for a parent/teacher/counselor/principal conference. In that meeting the focus should be prepared for strategies to try, including (but not required), a behavior contract for the student that all will sign off on,
and an understanding that if such strategies do not work, an alternative placement in a different school or setting will occur (this procedure is supported by board policy and administrative rule).

FREEDOM OF EXPRESSION

One of the basic purposes of education is to prepare students for responsible self-expression in a democratic society. Citizens in our democracy are permitted free expression under the 1st and 14th Amendments of the United States Constitution. Student citizens have limited rights of free expression and must bear responsibility for the consequences of and are responsible for such expressions. The matter of free expression for students, however, must be viewed as a part of the learning process in the public school environment, and must be balanced against the school’s duty to educate pupils in a decent, orderly and safe fashion to protect the rights of all students. The district’s obligation to protect the rights of expression is always based in and guided by current state and federal law.

Student rights of free expression:

1. Students are entitled to express their personal opinions under reasonable circumstances.
2. Students are encouraged to express personal opinions and writings in school publications and participate in publishing school publications under school guidance.
3. Students may refuse to participate in patriotic exercises as long as the manner of such nonparticipation does not disrupt the educational process.
4. Students may wear certain distinctive insignias so long as they do not trespass on the rights of others or interfere with the orderly operation or conduct of the school.

Student responsibilities of free expression:

1. The use of obscenities and threats of harm to person or property are prohibited.
2. Students are encouraged to express personal opinions in writings in school publications. Students must assume responsibility for materials they have written.
3. Libelous and obscene matters are prohibited from all school publications.
4. Student publications may be distributed in the main hall before school, at noon, and after school. Special permission must be obtained for the distribution of school publications at other times.
5. Students shall be permitted to hold meetings on school property. Such meetings shall be scheduled in advance, shall not disturb classes and shall cause no hazard to person or property.
6. Students shall obtain the authorization of school authorities prior to selling materials or engaging in activities that solicit students’ financial contributions.

Failure to comply with the above rules and regulations may render students subject to suspension and/or expulsion under ORS 339.250.

Any publication sponsored or in any way funded by the school, shall be known as a school publication as opposed to a student publication. Example—a school newspaper should reflect the total life of the school community. Even though the publication may be accomplished by a student effort, the student has a responsibility to the total school community. Libelous and profane or obscene matters are prohibited from all school publications. Faculty advisors shall advise on matters of style, grammar, format and suitability of student publication. The final decisions as to the suitability of material shall rest with the advisor.

**F.A.C.E.S. Field Trip Eligibility**

If your student would like to go on the field trip there are a few expectations:
They must attend FACES all four days throughout the week unless they are ill, have appointments or special arrangements are made with FACES site coordinator.
Middle school students that eat supper afterschool and attend athletic practices are eligible to attend field trips.
They must follow the three school rules during FACES and on field trips. They are 1) Be safe, 2) Be Respectful, and 3) Be Responsible.
We want all students to have a positive adventure on field trips so on occasion your student may be asked to skip a field trip based on behaviors during FACES time.

HOMEWORK

Falls City Schools believe homework is an important part of academic life. The process of studying outside of the classroom is vital in our job market. Because our curriculum is designed to advance all learners toward a post-high school education, we believe that homework serves many purposes such as continued learning, discipline, and responsibility. The amount of time a student must spend on homework depends on the course studied; a student’s learning style, and student time on task in class.

Each teacher at Falls City Schools will regularly assign homework. Homework will be daily or in the form of assignments to be done out of class, research at the community library, or term projects.

LIBRARY

It is the responsibility of students to know and observe all library rules when using the library.

STUDENT RECORDS

STUDENT DIRECTORY INFORMATION DISCLOSURE

School District #57, Falls City, Oregon, intends to classify as directory information available for release pursuant to ORS. 336.175 and 20 USC Sec. 1232 g, the following:

Student’s name; parent’s name; address; telephone number; date and place of birth; participation in activities or athletics; weight and height of athletic team members; illness and accident information as required in health and safety emergencies; honors, degrees and awards received; most previous school attended; student’s social security number; and photographs appropriate to class or school activities.

Directory information may be released to the media and for use in other local publications upon the direction of the principal. Directory information will not be released without administrative direction, or be given over the telephone.

The District may publish annually a directory of student’s names, parent’s names, address and telephone numbers for distribution to students and parents.

PARENT NOTIFICATION REGARDING STUDENT RECORDS

1. Oregon schools maintain two types of student records that are designated as “progress records” and “behavior records.” Student progress records, including a copy of the permanent record, shall be forwarded to other public schools upon notice of student’s enrollment, provided that parents are notified of the records to be transferred, and a reasonable time is allowed for review of the records.

Student behavioral records shall be forwarded to other public schools only upon request of the parents of the student. The parent may sign such a request upon withdrawal of the student or upon entry into the new school.
2. As a parent or a student who is over 18 years of age or attending a post secondary institution, you have the right to:
   - inspect your child’s or your own educational records.
   - a hearing should you choose to challenge the content of such records to insure that the records are not inaccurate, misleading, or otherwise in violation of your child’s or your privacy or other rights.
   - have an opportunity to delete any inaccurate, misleading, or otherwise inappropriate data contained in the records.
   - include in the records a written statement by the parent or eligible student regarding the content of the records. Your statement will remain as a part of the record as long as the disputed portion of the record exists.

Your request to inspect the records shall be complied within 30 days from the request, but in no case more than 45 days from the request. The same time limits apply for a request for a hearing to challenge the content of such records.

3. The principal has a copy of the district’s student records policy that you may examine. You may obtain a copy of the policy on records for the cost of the copy. You have the right to file a complaint with the Office of the Secretary of Education concerning alleged failures of the district to comply with the requirements of Public Law 93.380. The principal is the person in charge of the records in each building.

**NOTIFICATION OF RIGHTS**

The Educational Amendments Act of 1974 (FERPA) requires that parents and students be notified of their rights relating to student records:

1. The right of a student’s parents or an eligible student to inspect and review the student’s education records and to obtain a copy at cost of photocopy.
2. The intent of the school district to limit the disclosure of information contained in a student’s education records except:
   a) By the prior written consent of the student’s parent or the eligible student.
   b) As directory information, or;
   c) Under certain limited circumstances, as permitted under FERPA.
3. The right of a student’s parent or an eligible student to seek to correct parts of the student’s education record which he/she believes to be inaccurate, misleading, or otherwise in violation of student rights. This right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the parent’s or eligible student’s request.
4. The right to obtain a copy of this policy by requesting one from the building principal.
5. The right to report violations of FERPA to the U.S. Department of Education.
6. The right to be informed about FERPA rights.
7. All rights and protection given parents under FERPA and this policy transfer to the student when the student reaches age 18 or enrolls in a post-secondary school. The student then becomes an “eligible student.”

The district will provide translations of this notice to non-English speaking parents in their native language.

The Education Amendments of 1974 provide that certain state and federal agencies may inspect student records without written consent but requires that a record be maintained indicating specifically the legitimate
educational or other interest that the person, agency or organization has in seeking this information. This statement is to become a permanent part of the record only for inspection by the parents or students over 18 and the school official who is responsible for the custody of such records.

COMPLAINTS

STUDENT COMPLAINTS AGAINST STUDENTS

It is recognized that a school official as a public officer shall not be examined as to communication made to him/her in official capacity when the public interest would suffer by such disclosure. In recognition of the special jeopardy in which student witnesses may be placed, and the possible traumatic effects of adversary proceedings conducted by attorneys, police officers, or court officials, that complaining student is not required to face the accused, nor have their identities revealed. However, the administrator or other official conducting an investigation is under special obligation to assure careful and cautious investigation of all relevant facts and testimony.

PARENT COMPLAINTS

A parent who has a complaint concerning a classroom/teacher issue must first bring the matter to the appropriate teacher. If the outcome of a meeting with the teacher is not satisfactory, a conference with the superintendent/principal can be requested within five calendar days of the event or events causing the complaint. If the outcome of this conference is not satisfactory, the parent may file a written, signed complaint to the Board in care of the superintendent within ten calendar days following the conference with the superintendent/principal, and may request to appear before the school board in accordance with school board policy.

DISCRIMINATION ON THE BASIS OF SEX COMPLAINT

A student and/or parent with a complaint regarding possible discrimination of a student on the basis of sex should contact the superintendent/principal.

EDUCATION STANDARDS COMPLAINT

Any resident of the district or parent of a student attending district schools may make an appeal or complaint alleging violation of the district’s compliance with an educational standard as provided by the State Board of Education. The complainant should first discuss the nature of the alleged violation with the teacher or principal involved. If the complainant wishes to pursue the matter further, he/she will be provided upon request a copy of all applicable district procedures.

INSTRUCTIONAL MATERIALS COMPLAINT

Complaints by parents or district patrons about instructional materials should be directed to the superintendent/principal. Should the parent, following initial efforts at informal resolution of the complaint, desire to file a formal complaint, a form may be obtained from the school office. The superintendent/principal will be available to assist in the completion of such form as requested. All forms must be signed by the complainant and must be filed with the district office.

A reconsideration committee, comprised in accordance with district policy, will review the material and forward a recommendation to the superintendent for appropriate action and notification of the complainant. A copy of
the committee’s recommendation and justification will be forwarded to the complainant together with the superintendent’s written decision.

The complainant may appeal the superintendent’s decision to the school board, whose decision will be final.

**STUDENTS WITH DISABILITIES COMPLAINT**

A complaint or concern regarding the identification, evaluation or placement of a student with disabilities or the accessibility of the district’s services, activities or programs to a student, should be directed to the Special Education Coordinator.

**PUBLIC CONDUCT ON SCHOOL PROPERTY**

No person on school property will:
1. Injure or threaten to injure another
2. Damage the property of another or of the district
3. Violate parking regulations
4. Drive a vehicle in an unsafe manner
5. Impede, delay or otherwise interfere with the orderly conduct of the district’s educational program or any other activity taking place on school property that has been authorized by the Board, superintendent, building principal or other authorized administrator.
6. Enter any portion of school premises at any time for purposes other than those that are lawful and authorized by school officials.
7. Consume, sell, give or deliver tobacco, drugs or alcoholic beverage.
8. Wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, symbol, sign or other things that are evidence of membership or affiliation in any gang. Use speech or commit any act or omission in furtherance of the interests of any gang or gang activity. A “gang” is defined as any group of 2 or more persons whose purposes include the commission of illegal acts.
9. Willfully violate other rules and regulations adopted by the Board designed to maintain public order on school property.

Persons having no legitimate purpose or business on school property or violating or threatening to violate the above rules may be ejected from the premises and/or referred to law enforcement officials. *(Board Policy Code: KGB)*

**DRUGS/ALCOHOL/TOBACCO**

**FALLS CITY SCHOOL DISTRICT POLICY**

It is the school’s obligation to protect the health, welfare and safety of students. In the light of scientific evidence that use of tobacco is hazardous to health, and to be consistent with the content of the curriculum and Oregon law, the possession or use of tobacco in any form on the school premises or while attending school sponsored activities is prohibited. The Board of Directors of Falls City School District 57 declares its schools and properties to be tobacco and drug free zones.

Possession of tobacco, **controlled substances and related paraphernalia**, in any form on campus may lead to immediate suspension. Drugs or alcohol use on school property is explicitly forbidden by school policy and/or state law.
Procedures will be developed to implement this policy.

(Board Policy Code: JFCG)

DELIVERY OF DRUGS/TOBACCO

Unlawful delivery of a controlled substance to a student or minor within 1,000 feet of school property is a Class A felony. Punishment is a maximum of 20 years of imprisonment, $100,00 fine, or both.(Board Policy Code: JFCK)

TOBACCO-FREE CAMPUS

A rule passed by the State School Board in May 2004 requires all school district property to be tobacco-free. The intent of this measure is to protect students, staff and visitors from the harmful effects of secondhand smoke to prevent students from using and becoming addicted to tobacco. This rule complies with Department of Education goals to provide students and those working for them, a safe and healthy environment in which they can learn, work, and grow.

The policy reads as follows: OAR 581-021-0110, Tobacco Free Schools

1.) For the purposes of this rule "tobacco" is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, and spit tobacco, also known as smokeless, dip, chew, and snuff, in any form.

2.) No student, staff member, or school visitor is permitted to smoke, inhale, dip, or chew, or sell tobacco at any time, including non-school hours:

   a. in any building, facility, or vehicle owned, leased, rented, or chartered by the school district, school, or public charter school; or

   b. on school grounds, athletic grounds, or parking lots.

3.) No student is permitted to possess a tobacco product:

   a. in any building, facility, or vehicle owned, leased, rented, or chartered by the school district, school, or public charter school; or

   b. on school grounds, athletic grounds, or parking lots.

This includes, but is not limited to: “pot pipes”, “crack pipes”, “roach clips”, syringes, tobacco pouches, cigarette papers, “stash boxes”, pill holders, etc.
**Jurisdiction** - on the school grounds, around the school grounds, any time the school has jurisdiction over the student, which would include coming to school in the morning and going from school in the afternoon; any school event at or away from school during the day or evening. This would include field trips and activity trips, including all athletic contests and state athletic events. This section is also meant to include any public or private facility or home that is hosting a school event to which school students are invited as a school approved event. The school district will also consider any vehicle used to transport students to a school event as its jurisdiction for purposes of this policy.

**SEARCH AND SEIZURE/INTERROGATIONS/WEAPONS**

**SEARCHES**

The Falls City School Board seeks to assure a climate in the schools which is appropriate for institutions of learning and which assures the safety and welfare of personnel and students. To assist the Board in attaining these goals, school officials may search the person and the personal property, including the facility or property provided by the school. School officials may seize any property deemed injurious or detrimental to the safety and welfare of students and personnel if school officials have reason to believe an illegal act or a violation of school rules and regulations is being committed or is about to be committed.

The following procedures will be followed:

1. A search of a student’s person may be conducted when there is reason to believe the particular student is concealing evidence of an illegal act or school violation.
2. Illegal items (firearms, weapons, narcotics, etc.) or any other possessions determined to be a threat to the safety or security of the students and/or school, will be seized by officials.
3. Items that may be used to disrupt or interfere with the educational process may be temporarily removed from the student’s possession.

General search of school properties including, but not limited to, lockers or desks may occur at any time. Items that belong to the school, which are unlawful or are in violation of school policy may be seized. Students will be notified that searches of school property have occurred and will be notified of any items seized.

At the time school equipment is assigned to students for their use, students will be informed of conditions for the use of such equipment of the intent of school personnel to conduct routine searches. (*Board Policy Code: JFG)*

**INTERROGATIONS**

When law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the school principal or designee will be present when permitted by the police. An effort will be made to contact the parent, if approved by police, so that the responsible adult may be notified of the situation. However, in suspected child abuse cases, Services for Children and Families and law enforcement officials may exclude school personnel from investigation procedures and prohibit school personnel from contacting the parents without police permission.

If custody or arrest is involved, the principal will request that law enforcement officials observe all procedural safeguards prescribed by law. (*Board Policy Code: JFG)*

**POLICE INVOLVEMENT**
School officials have the option to notify police authorities, and may press charges. If the police authorities are notified, legal guardians will be contacted unless suspected child abuse is involved. Any action taken by police authorities will be in addition to action by the school.

School officials, guided by District procedures, will cooperate fully with police authorities during legal investigations.

**STUDENTS RIGHT TO DUE PROCESS**

All students are entitled to due process. This means that no disciplinary action will be taken against a student until everyone involved has presented the facts, and a judgment has been made. There are certain procedures that school officials must follow prior to taking appropriate disciplinary action. There are also procedures that students must follow if they do not agree with the school’s action.

The due process procedure allows for the following steps:

1. Informal conference between the parties concerned.
2. Written appeal to the principal for a hearing when step one (1) does not resolve the problem.
3. Written appeal to the superintendent, requesting a hearing when step two (2) does not resolve the problem.
4. Written appeal to the Board, requesting a hearing when step three (3) does not resolve the problem.

It is the purpose of appeals and hearings to provide access to appropriate school officials when an informal conference cannot resolve the problem. It is not the purpose of appeals and hearings to provide a forum through which non-related issues are conveyed. It is recommended that as many student problems as possible be handled through informal conferences.

**FIRE AND EARTHQUAKE DRILLS**

Fire and earthquake drills are conducted under the direction of the principal. Safety drills will be held monthly to ensure that all staff and students know procedures for evacuating the school in case of emergency.

Every student should know the location of all primary and secondary escape routes.

Consult the chart posted in each room, or ask the instructor. Students are to move quickly and quietly to the exit and out to the designated area, where roll will be taken. DO NOT RUN. At the end of the fire drill, students and teachers will return to the classroom.

Teachers will see that all doors and windows are closed, and the lights are off before leaving classrooms. If you happen to discover a fire, report it immediately to the nearest staff member and follow his/her instructions.

**K – 5 Behavior Levels**
**Level 1 – Teacher/Staff Redirection**
Immediate and appropriate classroom consequences, including: verbal redirection; verbal warnings, time-outs; conferences; behavior contracts; and, parent contacts. (After 3 warnings the level of response increases to major)

**Level 2 – Lunch Detention**
A 30-minute detention will be assigned by teacher/staff member for minor behavior infractions and be served during the student’s assigned lunch. Students will eat their lunch in the detention room. Parents will be notified via the student copy of the detention slip. If the detention rules are not followed, the student may receive one additional day of lunch detention or further consequences. Excessive lunch detentions will result in moving up to the next level of behavior consequences.

**Level 3 – After School Detention (30 or 60 Minutes)**
A 30-minute or 60-minute detention will be assigned by teacher/staff member for repeated minor misbehavior. After-school detention will be served from 3:15-3:45 p.m. on the day following the infraction. Parents will be notified by detention slips and/or phone contacts. Excessive after-school detentions will result in moving up to the next level of behavior consequences.
