

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 8/11/2020

Under ODE’s *Ready Schools, Safe Learners* guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school’s plan to the local school board and make the plans available to the public. This form is to be used to document a district’s, school’s or program’s plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the *Ready Schools, Safe Learners* guidance document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Falls City Elementary School, Falls City SD
Key Contact Person for this Plan	Art Houghtaling
Phone Number of this Person	503-787-3521
Email Address of this Person	Art.houghtaling@fallscityschools.org
Sectors and position titles of those who informed the plan	Superintendent, Facilities manager, high school principal, Food service director, PreK teacher/EA/After school program site coordinator, FCTA President, SPED Directors/Teachers, Teachers in PreK,1 st , 4 th , 5 th , 6 th , 7 th , 8 th grades and 3 HS, and 2 board members
Local public health office(s) or officers(s)	Polk County Public Health-Kristty Polanco-503-623-8175
Name of person Designated to Establish, Implement and Enforce Physical Distancing Requirements	Art Houghtaling
Intended Effective Dates for this Plan	September 8, 2020-June 17, 2021
ESD Region	Willamette ESD

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

We are collecting survey data regarding Distance Learning for All successes and struggles, technology availability/needs for next school year, preference of parents and students for structure of learning for 2020- 2021 school year and intent to send students to school next year. The survey link will be provided to all students, families and staff members to ensure effective representation/survey data from all levels of students, including demographics and our underserved and marginalized students/community groups. We will be providing paper copies of the surveys upon request as well.

¹ For the purposes of this guidance: “school” refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, “school” will be used inclusively to reference all of these settings.

² For the purposes of this guidance: “district” refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

3. Indicate which instructional model will be used.

Select One:

On-Site Learning Hybrid Learning Comprehensive Distance Learning

4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dff75e4874c8a). (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dff75e4874c8a>) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

* **Note:** Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

Currently Polk County is not meeting the metrics set by the governor on July 27. Once the county numbers are at the level that will allow in person instruction we will do so.

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.

All students/families will be surveyed about what technology the families/students' have access to and their access to high speed internet at home. Once the survey results come in, we are going to pass out chrome books or iPads to all of our students that need them. Families that do not have high speed internet will be provided the opportunity to have hotspots placed in their homes.

Families will be invited by teachers individually to have an orientation on technology and expectations for the students and establish a culture of care for the families. Teachers will collaborate with SPED and Title teachers in order to ensure that services are being provided to students. In addition, the SPED and Title teacher will establish times for instruction of their students, either in small groups or individually. All staff will connect and engage in conversations with families and students to establish learning times and expectations for each family. Our mental health team and afterschool program will engage with families and students regarding their social emotional needs on a consistent basis. Students experiencing homelessness will have access to the community center for access to the internet.

We will provide breakfast and lunch to all of our families/students that would like to have it. We are sending out a survey to all families so they can let us know their needs.

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

We have developed a team to help make decisions based on all guidance we have received. The team will come up with some tentative return dates and dates to reassess the metrics of our county. Then the plan will go before the school board for feedback.

July 2020-team formed, August 5, 2020-tentative dates chosen by committee, August 12, 2020-School board will meet to review blueprint and distance learning plan. August 17th- Blue print submitted.

We have completed the Ready Schools, Safe Learners guidance Sections 1 through 3 below which are consistent with the guidance.

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

0. Community Health Metrics

METRICS FOR ON-SITE OR HYBRID INSTRUCTION

- The school currently meets the required metrics to successfully reopen for in-person instruction in an On-Site or Hybrid model. *If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.*

EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET

- The school currently meets the exceptions required to provide in-person person education for students in grades K-3 (see section 0d(1) of the *Ready Schools, Safe Learners* guidance).
- The school currently meets the exceptions required to provide limited in-person instruction for specific groups of students (see section 0d(2) of the *Ready Schools, Safe Learners* guidance).
- The school currently meets the exceptions required for remote or rural schools in larger population counties to provide in-person instruction (see section 0d(3) of the *Ready Schools, Safe Learners* guidance).
- The school currently meets the exceptions required for smaller population counties to provide in-person instruction (see section 0d(4) of the *Ready Schools, Safe Learners* guidance).
- The school currently meets the exceptions required for schools in low population density counties (see section 0d(5) of the *Ready Schools, Safe Learners* guidance).
- The school currently meets the exceptions required for small districts to provide in-person instruction (see section 0d(6) of the *Ready Schools, Safe Learners* guidance).

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OHA/ODE Requirements

- Implement measures to limit the spread of COVID-19 within the school setting.
- Update written Communicable Disease Management Plan to specifically address the prevention of the spread of COVID-19.
- Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA.

Hybrid/Onsite Plan

The Falls City School District follows the published [Communicable Disease Guidelines](#) from the Oregon Department of Education and the Oregon Health Authority.

The Falls City School District also follows School Board Policies [GBEB](#), [JHCC](#) and [GBEB-AR/JHCC-AR](#)

OHA/ODE Requirements

- Include names of the LPHA staff, school nurses, and other medical experts who provided support and resources to the district/school policies and plans. Review relevant local, state, and national evidence to inform plan.
- Process and procedures established to train all staff in sections 1 - 3 of the *Ready Schools, Safe Learners* guidance. Consider conducting the training virtually, or, if in-person, ensure physical distancing is maintained to the maximum extent possible.
- Protocol to notify the local public health authority ([LPHA Directory by County](#)) of any confirmed COVID-19 cases among students or staff.
- Plans for systematic disinfection of classrooms, offices, bathrooms and activity areas.
- Process to report to the LPHA any cluster of any illness among staff or students.
- Protocol to cooperate with the LPHA recommendations.
- Provide all logs and information to the LPHA in a timely manner.
- Protocol for screening students and staff for symptoms (see section 1f of the *Ready Schools, Safe Learners* guidance).
- Protocol to isolate any ill or exposed persons from physical contact with others.
- Protocol for communicating potential COVID-19 cases to the school community and other stakeholders (see section 1e of the *Ready Schools, Safe Learners* guidance).
- Create a system for maintaining daily logs for each student/cohort for the purposes of contact tracing. This system needs to be made in consultation with a school/district nurse or an LPHA official. Sample logs are available as a part of the [Oregon School Nurses Association COVID-19 Toolkit](#).
 - If a student(s) is part of a stable cohort (a group of students that are consistently in contact with each other or in multiple cohort groups) that conform to the requirements of cohorting (see section 1d of the *Ready Schools, Safe Learners* guidance), the daily log may be maintained for the cohort.
 - If a student(s) is not part of a stable cohort, then an individual student log must be maintained.
- Required components of individual daily student/cohort logs include:
 - Child's name
 - Drop off/pick up time
 - Parent/guardian name and emergency contact information
 - All staff (including itinerant staff, district staff, substitutes, and guest teachers) names and phone numbers who interact with a stable cohort or individual student
- Protocol to record/keep daily logs to be used for contact tracing for a minimum of four weeks to assist the LPHA as needed.
- Process to ensure that all itinerant and all district staff (maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings keep a log or calendar with a running four-week history of their time in each school building and who they were in contact with at each site.
- Process to ensure that the school reports to and consults with the LPHA regarding cleaning and possible classroom or program closure if anyone who has entered school is diagnosed with COVID-19.
- Protocol to respond to potential outbreaks (see section 3 of the *Ready Schools, Safe Learners* guidance).

Hybrid/Onsite Plan

Screening/Isolation: Visual screening of all students and staff is outlined in 1e. Potentially symptomatic students will be isolated following guidance outlined in 1h.

Contact Tracing: Contact tracing logs will be kept for each student/cohort

1b. HIGH-RISK POPULATIONS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially Comprehensive Distance Learning models), or Comprehensive Distance Learning models.</p> <p>Medically Fragile, Complex and Nursing-Dependent Student Requirements</p> <p><input type="checkbox"/> All districts must account for students who have health conditions that require additional nursing services. Oregon law (ORS 336.201) defines three levels of severity related to required nursing services:</p> <ol style="list-style-type: none"> 1. Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services. 2. Medically Fragile: Are students who may have a life-threatening health condition and who may require immediate professional nursing services. 3. Nursing-Dependent: Are students who have an unstable or life-threatening health condition and who require daily, direct, and continuous professional nursing services. <p><input type="checkbox"/> Staff and school administrators, in partnership with school nurses, or other school health providers, should work with interdisciplinary teams to address individual student needs. The school registered nurse (RN) is responsible for nursing care provided to individual students as outlined in ODE guidance and state law:</p> <ul style="list-style-type: none"> • Communicate with parents and health care providers to determine return to school status and current needs of the student. • Coordinate and update other health services the student may be receiving in addition to nursing services. This may include speech language pathology, occupational therapy, physical therapy, as well as behavioral and mental health services. • Modify Health Management Plans, Care Plans, IEPs, or 504 or other student-level medical plans, as indicated, to address current health care considerations. • The RN practicing in the school setting should be supported to remain up to date on current guidelines and access professional support such as evidence-based resources from the Oregon School Nurses Association. • Service provision should consider health and safety as well as legal standards. • Appropriate medical-grade personal protective equipment (PPE) should be made available to nurses and other health providers. • Work with an interdisciplinary team to meet requirements of ADA and FAPE. • High-risk individuals may meet criteria for exclusion during a local health crisis. • Refer to updated state and national guidance and resources such as: <ul style="list-style-type: none"> ○ U.S. Department of Education Supplemental Fact Sheet: Addressing the Risk of COVID-19 in Preschool, Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020. ○ ODE guidance updates for Special Education. Example from March 11, 2020. ○ OAR 581-015-2000 Special Education, requires districts to provide 'school health services and school nurse services' as part of the 'related services' in order 'to 	<p>1) All staff and students given the opportunity to self-identify as vulnerable or living with a vulnerable family member.</p> <p>Staff *Plan includes classified and teachers self-identifying.</p> <ul style="list-style-type: none"> • All Redeployed staff will have the option of taking FMLA, work tasks without in-person contact, (i.e., maintenance projects, office work), or leave options • Redeployed classified staff members assigned to on-line instructional support. • Redeployed teachers assigned to online primary instruction as lead teacher or supporting teacher per grade band. <p>Students</p> <ul style="list-style-type: none"> • All students identified as vulnerable, either by a physician, or parent/guardian notification, will be enrolled in online instruction with weekly check-ins. • Students who experience disability will continue to receive specially designed instruction. • Students with language services will continue to receive English Language Development. <p>Visitors/Volunteers</p> <ul style="list-style-type: none"> • Visitors/Volunteers will be unable to work in schools, or complete other volunteer activities that require in person interaction, at this time. Adults in schools are limited to essential personnel only.

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>assist a child with a disability to benefit from special education.'</p> <ul style="list-style-type: none"> OAR 333-019-0010 Public Health: Investigation and Control of Diseases: General Powers and Responsibilities, outlines authority and responsibilities for school exclusion. 	

1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. This also applies for professional development and staff gatherings. Support physical distancing in all daily activities and instruction, maintaining six feet between individuals to the maximum extent possible. Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc. Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering). Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don't employ punitive discipline. Staff should maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings. 	<p>Capacity for Elementary School Settings:</p> <ul style="list-style-type: none"> Cafeteria (used for breakfast and lunch): 920 usable sq. ft.: no more than 26 people Preschool Classroom: 621 usable sq. ft: no more than 17 people Classrooms 201(8th grade), 202(7th grade), 209(Kinder)and 210(2nd grade): 704 usable sq. ft: no more than 20 people Classrooms 211(5th grade) and 212(1st grade): 682 usable sq. ft: no more than 19 people Classrooms 203(6th grade) and 208(3rd grade): 837 usable sq. ft: no more than 23 people Classroom 110(4th grade): 729 usable sq. ft: no more than 20 people Classroom 111(Reset room): 640 sq. ft: no more than 18 people Classroom (Resources room):837 sq. ft: no more than 23 people <p>Student Population By Level and Grade Elementary: 110 (rounded up) Pre-Kindergarten: 10 (estimate) (cap at 12) Kindergarten: 12 1st grade: 12 2nd grade: 12 3rd grade: 12 4th grade: 16 5th grade: 14 6th grade: 10 7th grade: 12 8th grade: 18</p>

1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> Where feasible, establish stable cohorts: groups should be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases. Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools should plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. Each school must have a system for daily logs to ensure contact tracing among the cohort (see section 1a of the <i>Ready Schools, Safe Learners</i> guidance). Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms. Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort. 	<p>Tracking attendance carefully within cohorts will be critical to support contact tracing.</p> <p>Transportation Cohort</p> <ul style="list-style-type: none"> This is a stable group of students each day. Stable groups can be varied by AM/PM routes. Updated contact-tracing logs are required for each run of a route. <p>Kindergarten - 8th Grade Classroom Cohorts</p> <ul style="list-style-type: none"> These grade band cohorts (i.e., Pre-Kindergarten- Grades 2 Grades 3-5, Grades 6-8) are maintained throughout the year and for each special area (i.e., PE, Recess, afterschool program). PE as a cohort Recess/Library as a cohort Afterschool program as a cohort <p>Speech and Language Cohort (Itinerant staff)</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-level academic content standards, and peers. <input type="checkbox"/> Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts. 	<ul style="list-style-type: none"> • This stable group is maintained as much as possible. Note* In the event the stable cohort is changed, the SLP will need to update the contact-tracing log. <p>Title and Special Education staff push into cohorts for service.</p> <ul style="list-style-type: none"> • To the extent possible, students receiving supports beyond core instruction (e.g., Title Services, Special Education and Related Services) will receive these supports within their grade band cohort. <ul style="list-style-type: none"> ○ When student needs or administrative logistics require a student to be pulled from a grade band cohort to receive support, it creates a new cohort and additional contact tracing log requirements

1e. PUBLIC HEALTH COMMUNICATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease. <input type="checkbox"/> Develop protocols for communicating with students, families and staff who have come into close contact with a confirmed case. <ul style="list-style-type: none"> • The definition of exposure is being within 6 feet of a COVID-19 case for 15 minutes (or longer). <input type="checkbox"/> Develop protocols for communicating immediately with staff, families, and the community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding. <input type="checkbox"/> Provide all information in languages and formats accessible to the school community. 	<p>Communication:</p> <ul style="list-style-type: none"> • The district safety committee (w/school nurse) will develop communication to staff, students and families on the infection control measures being implemented to prevent spread of disease (see communicable disease plan) • The district safety committee (w/school nurse) will develop protocols for communicating with anyone who has come into close/sustained contact with a confirmed case or when a new case has been confirmed and how the district is responding. • The district safety committee (w/school nurse) will update communicable disease plan with communication protocols.

1f. ENTRY AND SCREENING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Direct students and staff to stay home if they, or anyone in their homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19. COVID-19 symptoms are as follows: <ul style="list-style-type: none"> • Primary symptoms of concern: cough, fever (<i>temperature greater than 100.4°F</i>) or chills, shortness of breath, or difficulty breathing. • Note that muscle pain, headache, sore throat, new loss of taste or smell, diarrhea, nausea, vomiting, nasal congestion, and runny nose are also symptoms often associated with COVID-19. More information about COVID-19 symptoms is available from CDC. • In addition to COVID-19 symptoms, students should be excluded from school for signs of other infectious diseases, per existing school policy and protocols. See pages 9-12 of OHA/ODE Communicable Disease Guidance. • Emergency signs that require immediate medical attention: <ul style="list-style-type: none"> ○ Trouble breathing ○ Persistent pain or pressure in the chest ○ New confusion or inability to awaken ○ Bluish lips or face (lighter skin); greyish lips or face (darker skin) ○ Other severe symptoms <input type="checkbox"/> Screen all students and staff for symptoms on entry to bus/school every day. This can be done visually and/or with confirmation from 	<p>Screening Students: Students will be visually screened by the staff. When the screening indicates that a student may be symptomatic, the student is directed to the office. *Follow plan outlined in 1a. Screening will include updating the cohort or individual student logs.</p> <p>6-8 coming in 7th grade door K-2 coming in Kinder door 3 & 5 coming in main doors 4th grade coming in cafeteria door PreK through PreK door</p> <p>Screening Staff:</p> <ul style="list-style-type: none"> • Staff are required to report to the administrator when they may have been exposed to COVID-19. • Staff are required to report to the administrator when they have symptoms related to COVID-19. • Staff members are not responsible for screening other staff members for symptoms. • Staff members are allowed to self-report.

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>a parent/caregiver/guardian. Staff members can self-screen and attest to their own health.</p> <ul style="list-style-type: none"> • Anyone displaying or reporting the primary symptoms of concern must be isolated (see section 1i of the <i>Ready Schools, Safe Learners</i> guidance) and sent home as soon as possible. See table "<i>Planning for COVID-19 Scenarios in Schools.</i>" • Additional guidance for nurses and health staff. <p><input type="checkbox"/> Follow LPHA advice on restricting from school any student or staff known to have been exposed (e.g., by a household member) to COVID-19. See table "<i>Planning for COVID-19 Scenarios in Schools.</i>"</p> <p><input type="checkbox"/> Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication should be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school.</p> <p><input type="checkbox"/> Hand hygiene on entry to school every day: wash with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol.</p>	

1g. VISITORS/VOLUNTEERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Restrict non-essential visitors/volunteers.</p> <ul style="list-style-type: none"> • Examples of essential visitors include: DHS Child Protective Services, Law Enforcement, etc. • Examples of non-essential visitors/volunteers include: Parent Teacher Association (PTA), classroom volunteers, etc. <p><input type="checkbox"/> Screen all visitors/volunteers for symptoms upon every entry. Restrict from school property any visitor known to have been exposed to COVID-19. See table "<i>Planning for COVID-19 Scenarios in Schools.</i>"</p> <p><input type="checkbox"/> Visitors/volunteers must wash or sanitize their hands upon entry and exit.</p> <p><input type="checkbox"/> Visitors/volunteers must maintain six-foot distancing, wear face coverings, and adhere to all other provisions of this guidance.</p>	<p>Visitors/Volunteers will be unable to work in schools, or complete other volunteer activities that require in person interaction, at this time. Adults in schools are limited to essential personnel only.</p>

1h. FACE COVERINGS, FACE SHIELDS, AND CLEAR PLASTIC BARRIERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Face coverings or face shields for all staff, contractors, other service providers, or visitors or volunteers following CDC guidelines for Face Coverings. Individuals may remove their face coverings while working alone in private offices.</p> <p><input type="checkbox"/> Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines for Face Coverings.</p> <p><input type="checkbox"/> If a student removes a face covering, or demonstrates a need to remove the face covering for a short-period of time:</p> <ul style="list-style-type: none"> • Provide space away from peers while the face covering is removed. In the classroom setting, an example could be a designated chair where a student can sit and take a 15 minute "sensory break;" <ul style="list-style-type: none"> ○ Students should not be left alone or unsupervised; ○ Designated area or chair should be appropriately distanced from other students and of a material that is easily wiped down for disinfection after each use; • Provide additional instructional supports to effectively wear a face covering; • Provide students adequate support to re-engage in safely wearing a face covering; • Students cannot be discriminated against or disciplined for an inability to safely wear a face covering during the school day. <p><input type="checkbox"/> Face masks for school RNs or other medical personnel when providing direct contact care and monitoring of staff/students</p>	<p>Facial Shields Facial shields are required and will be provided for:</p> <ul style="list-style-type: none"> • Bus drivers - Shield must be in use when stopped but can be lifted while driving. When not using face shield, driver should be wearing an alternative face covering. <p>Protective Barriers or face shields</p> <ul style="list-style-type: none"> • Front office staff • Speech Language Pathologists <p>Facial Coverings Facial coverings are not synonymous with facemasks.</p> <p>Facial coverings are required and will be provided for:</p> <ul style="list-style-type: none"> • All staff in the building <p>Facial coverings are required for:</p> <ul style="list-style-type: none"> • Staff providing 1:1 student support • OT, PT, staff supporting personal care, staff where direction requires direct physical contact • Nurses or designated health services providers when administering medication or providing direct services <p>Facial coverings are required for staff moving throughout campus, including but not limited to:</p>

OHA/ODE Requirements

displaying symptoms. School nurses should also wear appropriate Personal Protective Equipment (PPE) for their role.

- [Additional guidance](#) for nurses and health staff.

Protections under the ADA or IDEA

- If any student requires an accommodation to meet the requirement for face coverings, districts and schools should limit the student's proximity to students and staff to the extent possible to minimize the possibility of exposure. Appropriate accommodations could include:
 - Offering different types of face coverings and face shields that may meet the needs of the student.
 - Spaces away from peers while the face covering is removed; students should not be left alone or unsupervised.
 - Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease;
 - Additional instructional supports to effectively wear a face covering;
- For students with existing medical conditions and a physician's orders to not wear face coverings, or other health related concerns, schools/districts **must not** deny any in-person instruction.
- Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020.
 - If a student eligible for, or receiving services under a 504/IEP, cannot wear a face covering due to the nature of the disability, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan including on-site instruction with accommodations or adjustments.
 2. Placement determinations cannot be made due solely to the inability to wear a face covering.
 3. Plans should include updates to accommodations and modifications to support students.
 - Students protected under ADA/IDEA, who abstain from wearing a face covering, or students whose families determine the student will not wear a face covering, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan.
 2. The team must determine that the disability is not prohibiting the student from meeting the requirement.
 - If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability,
 - If a student's 504/IEP plan included supports/goals/instruction for behavior or social emotional learning, the school team must evaluate the student's plan prior to providing instruction through Comprehensive Distance Learning.
 3. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited in-person instruction, on-site instruction with accommodations, or Comprehensive Distance Learning.
- For students not currently served under an IEP or 504, districts must consider whether or not student inability to consistently

Hybrid/Onsite Plan

- Counselors
- Title 1/Special Education staff
- Front Office Staff when working in areas other than the front office
- Administration

Facial coverings are required for all students over the age of 5

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>wear a face covering or face shield as required is due to a disability. Ongoing inability to meet this requirement may be evidence of the need for an evaluation to determine eligibility for support under IDEA or Section 504.</p> <p><input type="checkbox"/> If a staff member requires an accommodation for the face covering or face shield requirements, districts and schools should work to limit the staff member's proximity to students and staff to the extent possible to minimize the possibility of exposure.</p>	

1i. ISOLATION AND QUARANTINE

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day.</p> <p><input type="checkbox"/> Protocols for screening students, as well as exclusion and isolation protocols for sick students and staff identified at the time of arrival or during the school day.</p> <ul style="list-style-type: none"> • Work with school nurses, health care providers, or other staff with expertise to determine necessary modifications to areas where staff/students will be isolated. If two students present COVID-19 symptoms at the same time, they must be isolated at once. If separate rooms are not available, ensure that six feet distance is maintained. Do not assume they have the same illness. • Consider required physical arrangements to reduce risk of disease transmission. • Plan for the needs of generally well students who need medication or routine treatment, as well as students who may show signs of illness. • Additional guidance for nurses and health staff. <p><input type="checkbox"/> Students and staff who report or develop symptoms must be isolated in a designated isolation area in the school, with adequate space and staff supervision and symptom monitoring by a school nurse, other school-based health care provider or school staff until they are able to go home. Anyone providing supervision and symptom monitoring must wear appropriate face covering or face shields.</p> <ul style="list-style-type: none"> • School nurse and health staff in close contact with symptomatic individuals (less than 6 feet) should wear a medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms and care provided. Consult a nurse or health care professional regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual should be properly removed and disposed of prior to exiting the care space. • After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol. • If able to do so safely, a symptomatic individual should wear a face covering. • To reduce fear, anxiety, or shame related to isolation, provide a clear explanation of procedures, including use of PPE and handwashing. <p><input type="checkbox"/> Establish procedures for safely transporting anyone who is sick to their home or to a health care facility.</p> <p><input type="checkbox"/> Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms. Refer to table in "Planning for COVID-19 Scenarios in Schools."</p>	<p>Each school principal (or designee) will connect weekly with nurse on updates for plan and isolation measures taken to that point.</p> <p>All students who become ill at school will remain at school supervised by staff until parents can pick them up in the designated isolation area (i.e., reset room).</p> <ul style="list-style-type: none"> • Students will be provided a facial covering (if they can safely wear one). • Staff should wear a facial covering and maintain physical distancing, but never leave a child unattended. • After the student has gone home or left the school the staff member that was supervising the student will change their PPE. • After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol. <p>While exercising caution to maintain safety is appropriate when working with children exhibiting symptoms, it is also critical that staff maintain sufficient composure and disposition so as not to unduly worry a student or family.</p> <p>Staff will maintain student confidentiality as appropriate.</p> <p>Daily logs must be maintained containing the following:</p> <ul style="list-style-type: none"> • Name of students sent home for illness, cause of illness, time of onset; and • Name of students visiting the office for illness symptoms, even if not sent home. <p>Staff and students with known or suspected COVID-19, or displaying COVID-19 symptoms per current OHA guidance, CDC guidance, or LPHA guidance, cannot remain at school and should return only after their symptoms resolve and they are physically ready to return to school.</p> <p>In no case can they return before:</p> <ul style="list-style-type: none"> • the passage of 14 calendar days after exposure; and • symptoms are improving

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Involve school nurses, School Based Health Centers, or staff with related experience (Occupational or Physical Therapists) in development of protocols and assessment of symptoms (where staffing exists). <input type="checkbox"/> Record and monitor the students and staff being isolated or sent home for the LPHA review.	

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the *Ready Schools, Safe Learners* guidance).

2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Enroll all students (including foreign exchange students) following the standard Oregon Department of Education guidelines. <input type="checkbox"/> The temporary suspension of the 10-day drop rule does not change the rules for the initial enrollment date for students: <ul style="list-style-type: none"> • The ADM enrollment date for a student is the first day of the student's actual attendance. • A student with fewer than 10 days of absence at the beginning of the school year may be counted in membership prior to the first day of attendance, but not prior to the first calendar day of the school year. • If a student does not attend during the first 10 session days of school, the student's ADM enrollment date must reflect the student's actual first day of attendance. • Students who were anticipated to be enrolled, but who do not attend at any time must not be enrolled and submitted in ADM. <input type="checkbox"/> If a student has stopped attending for 10 or more days, districts must continue to try to engage the student. At a minimum, districts must attempt to contact these students and their families weekly to either encourage attendance or receive confirmation that the student has transferred or has withdrawn from school. This includes students who were scheduled to start the school year, but who have not yet attended. <input type="checkbox"/> When enrolling a student from another school, schools must request documentation from the prior school within 10 days of enrollment per OAR 581-021-0255 to make all parties aware of the transfer. Documentation obtained directly from the family does not relieve the school of this responsibility. After receiving documentation from another school that a student has enrolled, drop that student from your roll. <input type="checkbox"/> Design attendance policies to account for students who do not attend in-person due to student or family health and safety concerns. <input type="checkbox"/> When a student has a pre-excused absence or COVID-19 absence, the school district should reach out to offer support at least weekly until the student has resumed their education. <input type="checkbox"/> When a student is absent beyond 10 days and meets the criteria for continued enrollment due to the temporary suspension of the	<ul style="list-style-type: none"> • All students will be enrolled following the Oregon Department of Education guidelines. • No student will be dropped for non-attendance if they meet the following conditions: <ul style="list-style-type: none"> ○ Are identified as vulnerable, or otherwise considered to be part of a population vulnerable to infection with COVID-19 ○ Have COVID-19 symptoms for the past 14 days

OHA/ODE Requirements	Hybrid/Onsite Plan
10 day drop rule, continue to count them as absent for those days and include those days in your Cumulative ADM reporting.	

2b. ATTENDANCE

(Note: Section 2b does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Grades K-5 (self-contained): Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Grades 6-12 (individual subject): Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Alternative Programs: Some students are reported in ADM as enrolled in a non-standard program (such as tutorial time), with hours of instruction rather than days present and days absent. Attendance must be taken at least once for each scheduled interaction with each student, so that local systems can track the student's attendance and engagement. Reported hours of instruction continue to be those hours in which the student was present. <input type="checkbox"/> Online schools that previously followed a two check-in per week attendance process must follow the Comprehensive Distance Learning requirements for checking and reporting attendance. <input type="checkbox"/> Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health.	<ul style="list-style-type: none"> • Students K-8 will have attendance taken daily regardless of the instructional model (On-Site, Hybrid, or Comprehensive distance learning) • Attendance policies and plans will encourage staff and students to stay home if someone in their house is sick. • Teachers will notify the principal when the absence rate has increased by 20% or more. • The principal will report this increase to the RN. • Teachers will use a spreadsheet to document students with respiratory illness.

2c. TECHNOLOGY

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Update procedures for district-owned or school-owned devices to match cleaning requirements (see section 2d of the <i>Ready Schools, Safe Learners</i> guidance). <input type="checkbox"/> Procedures for return, inventory, updating, and redistributing district-owned devices must meet physical distancing requirements.	<ul style="list-style-type: none"> • All students will be assigned a district-owned device for use in the school building. • Students will have the option to take the device home for at home use. • School devices will be cleaned and sanitized between each use. • Continue Google Classroom work to facilitate continuous learning experiences that occur on-site and in a distance learning setting (off-site); include options for digital learning and provision for nondigital distance learning where internet and computers will not be available. • Update family survey: collect information about the numbers, types, and condition of devices used in their homes to support remote learning. • Share the list of all the software and student-facing technology solutions with families. • Plan for adequate technology at home for off-site working, teaching, and learning. • Review technology policies and data privacy policies and update if needed.

2d. SCHOOL SPECIFIC FUNCTIONS/FACILITY FEATURES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Handwashing: All people on campus should be advised and encouraged to wash their hands frequently. <input type="checkbox"/> Equipment: Develop and use sanitizing protocols for all equipment used by more than one individual or purchase equipment for individual use. <input type="checkbox"/> Events: Cancel, modify, or postpone field trips, assemblies, athletic events, practices, special performances, school-wide parent meetings and other large gatherings to meet requirements for physical distancing. <input type="checkbox"/> Transitions/Hallways: Limit transitions to the extent possible. Create hallway procedures to promote physical distancing and minimize gatherings. <input type="checkbox"/> Personal Property: Establish policies for personal property being brought to school (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, instruments, etc.). If personal items are brought to school, they must be labeled prior to entering school and use should be limited to the item owner. 	<ul style="list-style-type: none"> • Hand Washing: Provide age appropriate hand washing education, define appropriate times to wash hands, and provide hand sanitizer when hand washing is not available. • Equipment: All classroom supplies and PE equipment will be cleaned and sanitized before use by another student or cohort group. • Safety Drills: During fire drills (and all other safety drills), all cohort classes will be physically distanced during exit, recovery, and reentry procedures. • Events: Field trips will be designed virtually for the school year. All assemblies, athletic events, practices, special performances, schoolwide parent meetings and other large gatherings will be cancelled or held in a virtual format. • Transitions/Hallways: Hallway traffic direction marked to show travel flow Classroom line up: students line up in cohort classes outside and in the gym in designated areas, keeping more than 6 feet between cohort groups. <ul style="list-style-type: none"> ○ Line up areas are to be marked with visual cues to indicate adequate physical distance. • Personal Property: Each classroom will have a limit on the number of personal items brought in to school. A full list will be sent home prior to class starting with allowable items (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, instruments, etc.). If personal items are brought to school, they must be labeled prior to entering school and not shared with other students. • Restrooms: Each cohort will have designated restroom schedules alleviating waiting and large groups. If this cannot be maintained, the restrooms will be cleaned multiple times throughout the day.

2e. ARRIVAL AND DISMISSAL

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Physical distancing, stable cohorts, square footage, and cleaning requirements must be maintained during arrival and dismissal procedures. <input type="checkbox"/> Create schedule(s) and communicate staggered arrival and/or dismissal times. <input type="checkbox"/> Assign students or cohorts to an entrance; assign staff member(s) to conduct visual screenings (see section 1f of the <i>Ready Schools, Safe Learners</i> guidance). <input type="checkbox"/> Ensure accurate sign-in/sign-out protocols to help facilitate contact tracing by the LPHA. Sign-in procedures are not a replacement for entrance and screening requirements. Students entering school after arrival times must be screened for the primary symptoms of concern. <ul style="list-style-type: none"> • Eliminate shared pen and paper sign-in/sign-out sheets. 	<p>Arrival and Entry</p> <ul style="list-style-type: none"> • Each student will be assigned an entrance point (i.e., a specific door) to the school building. • Upon entry, students will go directly to their classroom • Staff will be present at each entry point to visually screen students for symptoms and track cohort data. • Students identified as potentially symptomatic will be directed to the office. *follow plan outlined in 1a. • Breakfast in the classroom starts at 7:30 and goes until 7:45 for grades 4-8 and 7:45-8:10- for grades Prek-3. Students must wash hands before breakfast. <p>Sign-In / Sign-Out Procedures</p>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> • Ensure hand sanitizer is available if signing children in or out on an electronic device. <input type="checkbox"/> Ensure alcohol-based hand sanitizer (with 60-95% alcohol) dispensers are easily accessible near all entry doors and other high-traffic areas. Establish and clearly communicate procedures for keeping caregiver drop-off/pick-up as brief as possible.	<ul style="list-style-type: none"> • Students entering or leaving the building at times other than arrival or dismissal will use the main building entrance. • Arrivals will be greeted at the door by a staff member to reduce office traffic. • All sign-in/sign-out tracking will be handled by office staff to reduce sharing of pen/paper. • Hand sanitizer dispensers will be located near all entry doors and high traffic areas.

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Seating: Rearrange student desks and other seat spaces so that staff and students' physical bodies are six feet apart to the maximum extent possible while also maintaining 35 square feet per person; assign seating so students are in the same seat at all times. <input type="checkbox"/> Materials: Avoid sharing of community supplies when possible (e.g., scissors, pencils, etc.). Clean these items frequently. Provide hand sanitizer and tissues for use by students and staff. <input type="checkbox"/> Handwashing: Remind students (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues should be disposed of in a garbage can, then hands washed or sanitized immediately. <ul style="list-style-type: none"> • Wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<ul style="list-style-type: none"> • Seating: Classroom desks and tables will be arranged with students being seated a minimum of six feet apart. Students will use a single assigned seat at all times. • Materials: Each classroom will limit sharing of community supplies when possible (e.g., scissors, pencils, etc.). If needed to share, these items will be cleaned between each use. Hand sanitizer and tissues will be available for use by students and staff. • Hand Washing: All students will wash their hands upon building entry and prior to breakfast and lunch. Additional hand washing opportunities will be provided throughout the school day. Signage at each sink/hand washing station will remind students and staff of effective handwashing practices. • Furniture: All upholstered furniture and soft seating has been removed from the school building. • Classroom Procedures: All classes will use an assigned cubby or storage spaces for individual student belongings. If a classroom uses a permanent restroom/hall passes it must be cleaned and sanitized between student use. Consider elimination of shared hall passes. • Seating: Each class and hallway will have visual aids (e.g., painter's tape, stickers, etc.) to illustrate traffic flow, appropriate spacing, Page 12 of 16 assigned seating areas • Environment: When possible, windows will be open in the classroom before students arrive and after students leave. Each classroom will hold classes outside when possible and encourage students to spread out.

2g. PLAYGROUNDS, FIELDS, RECESS, BREAKS, AND RESTROOMS

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Keep school playgrounds closed to the general public until park playground equipment and benches reopen in the community (see Oregon Health Authority's Specific Guidance for Outdoor Recreation Organizations).	<ul style="list-style-type: none"> • Playground(s) will remain closed for public use. School will post adequate signs sharing this information with the public.

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> After using the restroom students must wash hands with soap and water for 20 seconds. Soap must be made available to students and staff. <input type="checkbox"/> Before and after using playground equipment, students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol. <input type="checkbox"/> Designate playground and shared equipment solely for the use of one cohort at a time. Disinfect at least daily or between use as much as possible in accordance with CDC guidance. <input type="checkbox"/> Cleaning requirements must be maintained (see section 2j of the <i>Ready Schools, Safe Learners</i> guidance). <input type="checkbox"/> Maintain physical distancing requirements, stable cohorts, and square footage requirements. <input type="checkbox"/> Provide signage and restrict access to outdoor equipment (including sports equipment, etc.). <input type="checkbox"/> Design recess activities that allow for physical distancing and maintenance of stable cohorts. <input type="checkbox"/> Clean all outdoor equipment at least daily or between use as much as possible in accordance with CDC guidance. <input type="checkbox"/> Limit staff rooms, common staff lunch areas, elevators and workspaces to single person usage at a time, maintaining six feet of distance between adults. 	<p>At that point, classes may use the playground for recess on a staggered scheduled throughout the school day.</p> <ul style="list-style-type: none"> • All playground structures will be disinfected daily and in between each cohort group. <ul style="list-style-type: none"> ◦ Playground supplies: Each cohort group will use their own playground supplies (e.g., balls, jump ropes, etc.). • Students must wash hands before and after using playground equipment. • Cleaning requirements must be maintained; refer to section 2j. • Recess activities will be planned to support physical distancing and maintain stable cohorts. This can include limiting the number of students on one piece of equipment, at one game, etc. • Given the lessened capacity for equipment use due to cohorting and physical distancing requirements, teachers will need to set expectations for shared use of equipment by students and may need to support students with schedules for when specific equipment can be used.

2h. MEAL SERVICE/NUTRITION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Include meal services/nutrition staff in planning for school reentry. <input type="checkbox"/> Prohibit self-service buffet-style meals. <input type="checkbox"/> Prohibit sharing of food and drinks among students and/or staff. <input type="checkbox"/> At designated meal or snack times, students may remove their face coverings to eat or drink but must maintain six feet of physical distance from others, and must put face coverings back on after finishing the meal or snack. <input type="checkbox"/> Staff serving meals and students interacting with staff at mealtimes must wear face shields or face covering (see section 1h of the <i>Ready Schools, Safe Learners</i> guidance). <input type="checkbox"/> Students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol before meals and should be encouraged to do so after. <input type="checkbox"/> Appropriate daily cleaning of meal items (e.g., plates, utensils, transport items). <input type="checkbox"/> Cleaning and sanitizing of meal touch-points and meal counting system between stable cohorts. <input type="checkbox"/> Adequate cleaning and disinfection of tables between meal periods. <input type="checkbox"/> Since staff must remove their face coverings during eating and drinking, staff should eat snacks and meals independently, and not in staff rooms when other people are present. Consider staggering times for staff breaks, to prevent congregation in shared spaces. 	<ul style="list-style-type: none"> • Serve breakfast and lunch in classrooms and eat with cohort groups. • All students must wash hands prior to meals. If possible, students will wash hands in the classroom. If not, follow hallway and restroom procedures above. • Students will pick up food in the cafeteria and return to their classrooms to eat. Physical distancing requirements must be maintained in transit. If a classroom is unable to travel to the cafeteria, cafeteria staff will deliver meals to that classroom. • Students will not share utensils or other items during meals. • Each table/desk will be cleaned prior to meals being consumed.

2i. TRANSPORTATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Include transportation departments (and associated contracted providers, if used) in planning for return to service. <input type="checkbox"/> Buses are cleaned frequently. Conduct targeted cleanings between routes, with a focus on disinfecting frequently touched surfaces of the bus (see section 2j of the <i>Ready Schools, Safe Learners</i> guidance). <input type="checkbox"/> Develop protocol for loading/unloading that includes visual screening for students exhibiting symptoms and logs for contact-tracing. This should be done at the time of arrival and departure. <ul style="list-style-type: none"> • If a student displays COVID-19 symptoms, provide a face shield or face covering (unless they are already wearing one) and keep six feet away from others. Continue transporting the student. <ul style="list-style-type: none"> ○ The symptomatic student should be seated in the first row of the bus during transportation, and multiple windows should be opened to allow for fresh air circulation, if feasible. ○ The symptomatic student should leave the bus first. After all students exit the bus, the seat and surrounding surfaces should be cleaned and disinfected. • If arriving at school, notify staff to begin isolation measures. <ul style="list-style-type: none"> ○ If transporting for dismissal and the student displays an onset of symptoms, notify the school. <input type="checkbox"/> Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service. <input type="checkbox"/> Drivers wear face shields or face coverings when not actively driving and operating the bus. <input type="checkbox"/> Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings). <input type="checkbox"/> Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines applying the guidance in section 1h of the <i>Ready Schools, Safe Learners</i> guidance to transportation settings. 	<ul style="list-style-type: none"> • Bus drivers are required to use facial shields. Facial shields will be provided for drivers. Shield must be in use when stopped but can be lifted while driving. When not using face shield, the driver should be wearing an alternative face covering. • Each bus driver/staff will be required to: <ul style="list-style-type: none"> ○ Visually screen students for illness • follow entry and screening procedures ○ Maintain logs for contact-tracing using procedures from 1a above. • Each bus will have: <ul style="list-style-type: none"> ○ the recommend three (3) feet of physical distance between passengers ○ the recommended six (6) feet of physical distance between the driver and passengers (except during boarding and in assisting those with mobility devices); reinforce this requirement by cordoning off seats as appropriate. • Use visual cues (e.g., floor decals, colored tape or signs) to discourage students from standing and sitting within three (3) feet of other passengers, drivers and other transit employees on the bus. • Clean and sanitize buses between cohort routes. • Meet with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service.

2j. CLEANING, DISINFECTION, AND VENTILATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Clean, sanitize, and disinfect frequently touched surfaces (e.g. door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected (CDC guidance) environments, including classrooms, cafeteria settings and restrooms. <input type="checkbox"/> Clean and disinfect playground equipment at least daily or between use as much as possible in accordance with CDC guidance. <input type="checkbox"/> Apply disinfectants safely and correctly following labeling direction as specified by the manufacturer. Keep these products away from students. <input type="checkbox"/> To reduce the risk of asthma, choose disinfectant products on the EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide, citric acid, or lactic acid) and avoid products that mix these with asthma-causing ingredients like peroxyacetic acid, sodium hypochlorite (bleach), or quaternary ammonium compounds. <input type="checkbox"/> Schools with HVAC systems should evaluate the system to minimize indoor air recirculation (thus maximizing fresh outdoor 	<ul style="list-style-type: none"> • All frequently touched surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) will be cleaned between uses at least 3 times per day. • Ventilation systems will be checked and maintained monthly by maintenance staff.

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>air) to the extent possible. Schools that do not have mechanical ventilation systems should, to the extent possible, increase natural ventilation by opening windows and doors before students arrive and after students leave, and while students are present.</p> <ul style="list-style-type: none"> <input type="checkbox"/> Consider running ventilation systems continuously and changing the filters more frequently. Do <u>not</u> use fans if they pose a safety or health risk, such as increasing exposure to pollen/allergies or exacerbating asthma symptoms. Consider using window fans or box fans positioned in open windows to blow fresh outdoor air into the classroom via one window, and indoor air out of the classroom via another window. Fans should not be used in rooms with closed windows and doors, as this does not allow for fresh air to circulate. <input type="checkbox"/> Consider the need for increased ventilation in areas where students with special health care needs receive medication or treatments. <input type="checkbox"/> Facilities should be cleaned and disinfected at least daily to prevent transmission of the virus from surfaces (see CDC's guidance on disinfecting public spaces). <input type="checkbox"/> Consider modification or enhancement of building ventilation where feasible (see CDC's guidance on ventilation and filtration and American Society of Heating, Refrigerating, and Air-Conditioning Engineers' guidance). 	

2k. HEALTH SERVICES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> OAR 581-022-2220 Health Services, requires districts to "maintain a prevention-oriented health services program for all students" including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs. <input type="checkbox"/> Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; dental providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC). 	<ul style="list-style-type: none"> • Each school will provide age appropriate hand hygiene and respiratory etiquette education to endorse prevention. This includes signage in the school setting for health promotion. • Schools will practice appropriate communicable disease isolation and exclusion measures. • Staff will participate in required health services related training to maintain health services practices in the school setting. • COVID-19 specific infection control practices for staff and students will be communicated. • Review of 504 and IEP accommodations and IHP's will be advised to address vulnerable populations. • Immunization processes will be addressed as per routine timeline, which prioritizes the beginning of the year and new students. Information for immunization clinics will be provided to families. • Continuity of existing health management issues will have a plan for sustaining operations alongside COVID-19 specific planning (i.e. medication administration, diabetic care).

2l. BOARDING SCHOOLS AND RESIDENTIAL PROGRAMS ONLY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Provide specific plan details and adjustments in Operational Blueprints that address staff and student safety, which includes how you will approach: <ul style="list-style-type: none"> • Contact tracing • The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. • Quarantine of exposed staff or students • Isolation of infected staff or students • Communication and designation of where the "household" or "family unit" applies to your residents and staff 	

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Review and take into consideration CDC guidance for shared or congregate housing: <ul style="list-style-type: none"> • Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible • Ensure at least 64 square feet of room space per resident • Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary; • Configure common spaces to maximize physical distancing; • Provide enhanced cleaning; • Establish plans for the containment and isolation of on-campus cases, including consideration of PPE, food delivery, and bathroom needs. 	

2m. SCHOOL EMERGENCY PROCEDURES AND DRILLS

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> In accordance with ORS 336.071 and OAR 581-022-2225 all schools (including those operating a Comprehensive Distance Learning model) are required to instruct students on emergency procedures. Schools that operate an On-Site or Hybrid model need to instruct and practice drills on emergency procedures so that students and staff can respond to emergencies. <ul style="list-style-type: none"> • At least 30 minutes in each school month must be used to instruct students on the emergency procedures for fires, earthquakes (including tsunami drills in appropriate zones), and safety threats. • Fire drills must be conducted monthly. • Earthquake drills (including tsunami drills and instruction for schools in a tsunami hazard zone) must be conducted two times a year. • Safety threats including procedures related to lockdown, lockout, shelter in place and evacuation and other appropriate actions to take when there is a threat to safety must be conducted two times a year. <input type="checkbox"/> Drills can and should be carried out <u>as close as possible</u> to the procedures that would be used in an actual emergency. For example, a fire drill should be carried out with the same alerts and same routes as normal. If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill. <input type="checkbox"/> When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. <input type="checkbox"/> Drills should not be practiced unless they can be practiced correctly. <input type="checkbox"/> Train staff on safety drills prior to students arriving on the first day on campus in hybrid or face-to-face engagement. <input type="checkbox"/> If on a hybrid schedule, conduct multiple drills each month to ensure that all cohorts of students have opportunities to participate in drills (i.e., schedule on different cohort days throughout the year). <input type="checkbox"/> Students must wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol after a drill is complete.	Emergency drills will be conducted as instructed below: <ul style="list-style-type: none"> • Fire drills – 2x per month on different cohort days to ensure that both cohorts practice drills. • Earthquake/Tsunami – Twice per year. • Safety threats – twice per year • 30 minutes of safety drills training will be conducted on the days that safety drills are conducted. • Drills will be practiced correctly. Social distancing will be required when possible and when it does not compromise the drill • Staff will be trained on safety drills prior to students arriving on campus. • Following any drills, students will either wash their hands for 20 seconds or use hand sanitizer before returning to class.

2n. SUPPORTING STUDENTS WHO ARE DYSREGULATED, ESCALATED, AND/OR EXHIBITING SELF-REGULATORY CHALLENGES

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Utilize the components of Collaborative Problem Solving or a similar framework to continually provide instruction and skill-building/training related to the student's demonstrated lagging skills.	<ul style="list-style-type: none"> • District is providing Cognitive Behavior Training to all staff prior to students returning on campus.

OHA/ODE Requirements

- Take proactive/preventative steps to reduce antecedent events and triggers within the school environment.
- Be proactive in planning for known behavioral escalations (e.g., self-harm, spitting, scratching, biting, eloping, failure to maintain physical distance). Adjust antecedents where possible to minimize student and staff dysregulation. Recognize that there could be new and different antecedents and setting events with the additional requirements and expectations for the 2020-21 school year.
- Establish a proactive plan for daily routines designed to build self-regulation skills; self-regulation skill-building sessions can be short (5-10 minutes), and should take place at times when the student is regulated and/or is not demonstrating challenging behaviors.
- Ensure all staff are trained to support de-escalation, provide lagging skill instruction, and implement alternatives to restraint and seclusion.
- Ensure that staff are trained in effective, evidence-based methods for developing and maintaining their own level of self-regulation and resilience to enable them to remain calm and able to support struggling students as well as colleagues.
- Plan for the impact of behavior mitigation strategies on public health and safety requirements:
 - Student elopes from area
 - If staff need to intervene for student safety, staff should:
 - Use empathetic and calming verbal interactions (i.e. "This seems hard right now. Help me understand... How can I help?") to attempt to re-regulate the student without physical intervention.
 - Use the least restrictive interventions possible to maintain physical safety for the student and staff.
 - Wash hands after a close interaction.
 - Note the interaction on the appropriate contact log.
 - *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.
 - Student engages in behavior that requires them to be isolated from peers and results in a room clear.
 - If students leave the classroom:
 - Preplan for a clean and safe alternative space that maintains physical safety for the student and staff
 - Ensure physical distancing and separation occur, to the maximum extent possible.
 - Use the least restrictive interventions possible to maintain physical safety for the student and staff.
 - Wash hands after a close interaction.
 - Note the interaction on the appropriate contact log.
 - *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.
 - Student engages in physically aggressive behaviors that preclude the possibility of maintaining physical distance and/or require physical de-escalation or intervention techniques other than restraint or seclusion (e.g., hitting, biting, spitting, kicking, self-injurious behavior).
 - If staff need to intervene for student safety, staff should:
 - Maintain student dignity throughout and following the incident.
 - Use empathetic and calming verbal interactions (i.e. "This seems hard right now. Help me understand... How can I help?") to attempt to re-regulate the student without physical intervention.

Hybrid/Onsite Plan

- We have a Reset Room Director whose main job is to be a support to students that are dysregulated.
- Our Reset Room staff will work with staff to identify and take steps to reduce antecedent events and triggers. Staff will be better able to recognize these events or triggers because of the smaller number of students in cohorts.
- Reset Room staff will be working with classes and students daily through structured and scheduled SEL time as well as one on one.
- If a student becomes dysregulated, escalated, or is exhibiting self-regulatory challenges, staff should:
 - Use empathetic and calming verbal interactions
 - Use the least restrictive interventions possible to maintain physical safety for the student and staff.
 - Identify a clean and safe alternative space that maintains physical safety for the student and staff.
 - Ensure physical distancing and separation occur to the maximum extent possible.
 - Maintain student dignity throughout and following the incident.
 - Wash hands after a close interaction.
 - Note the interaction on the appropriate contact log.
 - If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.
 - Spaces that are used to deescalate behaviors will be appropriately cleaned and sanitized prior to another stable cohort use.
 - Reusable PPE will be cleaned and sanitized after each episode of physical intervention.

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ● Use the least restrictive interventions possible to maintain physical safety for the student and staff ● Wash hands after a close interaction. ● Note the interaction on the appropriate contact log. ○ *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs. <p><input type="checkbox"/> Ensure that spaces that are unexpectedly used to deescalate behaviors are appropriately cleaned and sanitized after use before the introduction of other stable cohorts to that space.</p> <p>Protective Physical Intervention</p> <p><input type="checkbox"/> Reusable Personal Protective Equipment (PPE) must be cleaned/sanitized after every episode of physical intervention (see section 2j of the <i>Ready Schools, Safe Learners</i> guidance: Cleaning, Disinfection, and Ventilation).</p>	

3. Response to Outbreak

3a. PREVENTION AND PLANNING

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Review the <i>"Planning for COVID-19 Scenarios in Schools"</i> toolkit.</p> <p><input type="checkbox"/> Coordinate with Local Public Health Authority (LPHA) to establish communication channels related to current transmission level.</p>	<ul style="list-style-type: none"> ● Coordinate Communication with the Local Public Health Authority. ● If the region impacted is in Polk County the Local Health Department (LHD) will provide school-centered communication and will potentially host conference calls. ● When cases are identified in the local region a response team should be assembled within the district and responsibilities assigned within the school district. ● Establish a specific emergency response framework with key stakeholders.

3b. RESPONSE

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Review and utilize the <i>"Planning for COVID-19 Scenarios in Schools"</i> toolkit.</p> <p><input type="checkbox"/> Ensure continuous services and implement Comprehensive Distance Learning.</p> <p><input type="checkbox"/> Continue to provide meals for students.</p>	<ul style="list-style-type: none"> ● Identify baseline absentee rates to determine if rates have increased by 20% or more. ● Temporarily dismiss students attending childcare facilities, K12 schools. ● Modify, postpone, or cancel large school events as coordinated with LHD. ● Work with LHD to establish timely communication with staff and families. ● When novel viruses are identified in the school setting, and the incidence is low, the local health department will provide a direct report to the district nurse on the diagnosed case. Likewise, the LHD will impose restrictions on contacts

3c. RECOVERY AND REENTRY

OHA/ODE Requirements	Hybrid/Onsite Plan
<p><input type="checkbox"/> Review and utilize the <i>"Planning for COVID-19 Scenarios in Schools"</i> toolkit.</p> <p><input type="checkbox"/> Clean, sanitize, and disinfect surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles)</p>	<ul style="list-style-type: none"> ● If school closure is advised by the local public health department, consultation should occur between legal, union and district administration to ensure processes are consistent.

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>and follow CDC guidance for classrooms, cafeteria settings, restrooms, and playgrounds.</p> <p><input type="checkbox"/> When bringing students back into On-Site or Hybrid instruction, consider smaller groups, cohorts, and rotating schedules to allow for a safe return to schools.</p>	<ul style="list-style-type: none"> Plan instructional models that support all learners in comprehensive distance learning. Clean, sanitize, and disinfect surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and follow CDC guidance for classrooms, cafeteria settings, restrooms and playgrounds.

ASSURANCES

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

This section does not apply to private schools.

- We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from:
- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
 - The [Comprehensive Distance Learning](#) guidance,
 - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
 - [Planning for COVID-19 Scenarios in Schools](#)
- We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from:
- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
 - The [Comprehensive Distance Learning](#) guidance,
 - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
 - [Planning for COVID-19 Scenarios in Schools](#)

We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled "Assurance Compliance and Timeline" below.

4. Equity

5. Instruction

6. Family, Community, Engagement

7. Mental, Social, and Emotional Health

8. Staffing and Personnel

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements <i>Include how/why the school is currently unable to meet them</i>
